

infant car seat fund

Why?

One of our local Gabriel Project ministry coordinators noticed a recurring unmet need for pregnant women in need within our community - infant car seats. Due to safety regulations, it is not appropriate to get these items used. However, the cost of purchasing a new infant car seat can be a huge hurdle for some women. With this in mind, the infant car seat fund was created so that women in need could access new car seats, by referral.

How to Get Involved:

Host a BBQ

Gather your friends for a bbq, ask them for a suggested donation for burgers, and give any excess money (after covering your costs) to the car seat fund.

Host a Baby Shower

Gather your friends for tea, cake, and silly games - in lieu of baby gifts, ask them to bring a donation for the infant car seat fund.

Donate

Grab your chequebook, make out a cheque to "Guelph and Area Right to Life" and add this memo: "Infant Car Seat Fund."

Sanctuary Outreach's vision is for the Gabriel Project to empower churches to begin or expand ministry to women in crisis pregnancies within their churches and surrounding communities, through whole church involvement in love, mentorship, prayer, and practical support. Women may find Gabriel Projects through the churches themselves, or be referred by Sanctuary Outreach, if it seems to be a good fit.

Sanctuary Outreach
CRISIS PREGNANCY SUPPORT PROGRAM

Through active outreach we hope to find women experiencing unexpected pregnancies and connect them with community support and resources. We strive to help faith communities and organizations begin and expand their own crisis pregnancy supports to women and girls in need. Our hope is that, together, we will build a safety net for pregnant women in need that encompasses Guelph and Wellington County.
